

## HARMONY PUBLIC SCHOOLS PROFILE SHEET

Harmony Public Schools are high performing K-12 public charter schools in Texas that focus on math, science, engineering, and computer technologies to provide opportunities for underserved communities.

Harmony Public Schools proudly serves almost 17,000 students in 33 college preparatory schools. With a college acceptance rate of 100 percent, Harmony Public Schools have earned the reputation of providing a distinct, high-quality education. They also have the honor of being STEM field pioneer schools.

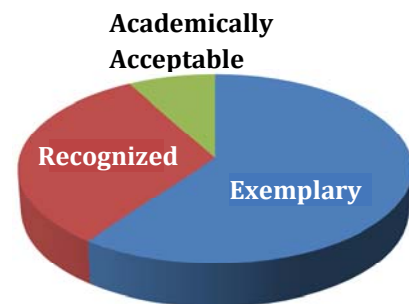

- ◆ Harmony was one of only 52 schools in the entire nation to receive the National Title I Distinguished School Award for closing the achievement gap. It was the only school having middle and high school grades and the only charter school to receive the award.
- ◆ Harmony was listed by US News as one of the best high schools in the nation.
- ◆ The Harmony Science Academy El Paso Robotics Team represented the United States in the 2009 European Open Championship Robotics Competition.
- ◆ Fourteen Harmony schools have been designated as T-STEM (Texas Science Technology Engineering and Mathematics) Academies. They have received funding from public and private organizations such as Gates Foundation and Dell Foundation as part of the Texas High School Project. As of 2009, there were 35 total T-STEM academies in Texas.
- ◆ Harmony schools have won over 2,000 awards in local, state, national and international science fairs and science Olympiads.
